REGENERATING IN THE POPES CITY

MAISON DE VOYAGEURS
SINCE 1799

Magnificent house of the sixteenth century, ideally located in Avignon, one of the most prestigious houses of the comtadine nobility, it was in 1799 that the Hotel d'Europe took its precursor title.

Since then, guarantor of high-quality traditions and services, the hotel has remained over the centuries this beautiful charming Provencal residence with elegant and refined setting so appreciated by a national and international clientele.

A stone's throw from the Palais des Papes and the Pont d'Avignon, the Hotel d'Europe is also located just 50 meters from the ramparts gate. This central place is therefore an ideal starting point to visit Provence. From Avignon it is very easy to discover this magical region.

The hotel offers original tours, from Orange to Marseille via the Gard, the Luberon, Aix-en-Provence or Châteauneuf-du-Pape.

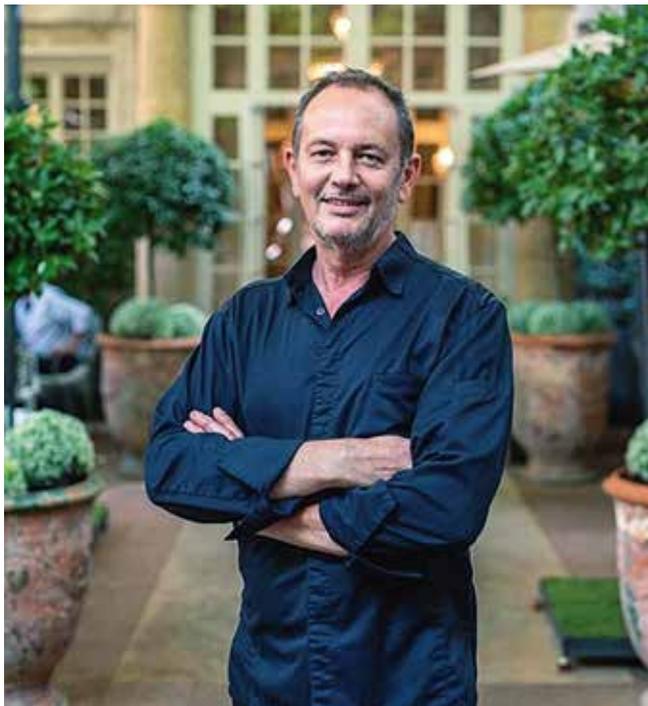

Let us remember that we return to Europe as we enter a page of history and yet the focus is continually focused on renewal. Avant-garde and yet always eternal, this is the Hotel d'Europe.

The team of the Hotel d'Europe, as in the old days, attaches itself to its «house» spirit with a rigor that always meets the requirements of its customers.

The 41 rooms and 3 suites of the Hotel d'Europe are decorated with refinement and combine French natural elegance with the most exclusive luxury. They reveal a unique atmosphere and comfort.

These sets were designed and executed in every detail, from the furniture to the choice of fabrics, regularly revisited. Guests are welcomed in a harmonious space made of soft colors and antique and elegant furniture.

The restaurant La Vieille Fontaine is an absolute culinary reference in Avignon.

Over the seasonal markets, traditional products and rare ingredients allow the chef to create and serve original Provençal specialties and fine.

These subtle alliances propel the restaurant to the ranks of the best restaurants in the region. The sommelier advises, among a large cellar with many references, wines adapted to the chosen dishes.

In fine weather, the large courtyard is shaded by its plane tree several hundred years old.

Beautiful essences dress it.

In winter, it is its superb dining room, decorated with woodwork dating from the eighteenth century and accompanied by paintings of the early twentieth century that welcomes guests.

The trip is not only culinary.

For more than two centuries, the hotel's lounges have been hosting the most important events in the city: cocktails, dinners, galas, press conferences and meetings.

All modern facilities are at your disposal as well as our teams to organize your events.

The personalized service, the legendary elegance of the place as well as the high quality of the renowned cuisine of the Hotel d'Europe, an essential choice for those who want to go after their dream.

La Terrasse by night, the only Rooftop in Avignon, opens its doors from June to September, to delight Avignon and travelers in a chic and rhythmic atmosphere.

The joy of living that reigns there is contagious and enchants all ages. We hurry to have a good time at altitude and see life from a different perspective.

The decor is planted: shaded terrace, tasty cocktails, casual service, varied music and sunset on the roofs of the city, everything is together for an exceptional evening in this oasis in the heart of the city.

La Terrasse By HE, the new well-being restaurant of the Hotel d'Europe is open all year long.
